Attorney's Docket No. .... MS1-786US  
Title: Methods and Systems for Synchronizing Visualizations with Audio Streams

**RENEWED PETITION UNDER 37 C.F.R. 1.47(a)**

Applicant filed a petition on February 19, 2002, indicating that a joint inventor, Mr. Chris Feller, had indicated that he did not intend to sign the oath or declaration in this application. Subsequently, a Decision Refusing Status was issued by the Patent Office because the declaration was found to be defective in that it lacks the citizenship, mailing address, and residence of joint inventor Feller.

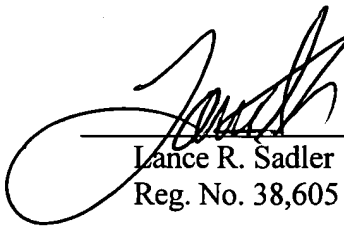

Accompanying this Renewed Petition is a new Declaration in compliance with 37 CFR 1.63 and 1.67, which includes the citizenship, residence, and mailing address for each inventor. The declaration is also signed by each of the signing inventors on behalf of themselves and the non-signing inventor.

I hereby declare that the statements made herein of my own knowledge are true.

It is respectfully requested that this Renewed Petition under 37 C.F.R. 1.47(a) be granted.

Respectfully submitted,

Date: 3/7/03
